

ALPS '15

The 4th Advanced Lasers
and Photon Sources 2015

22-24 April 2015, Pacifico Yokohama, Japan

Final Call for Papers

Submission deadline is postponed : 26(Mo.) Jan. 2015

VISIT <http://alps-conference.org/2015/> for more information.

SCOPE

The **ALPS** is intended to provide an international forum for the recent progress of lasers and photon sources covering the fundamental research to industrial application.

INVITED SPEAKERS

K. Gallo, Royal Inst. Tech., Sweden
A. M. Sergeev, IOP, Russia
A. Baltuska, Vienna Univ, Austria
B. Ruxing Li, SIOM, China
S. Jackson, Macquarie Univ., Australia
J. Rocca, Colorado State Univ., USA
H. Hirayama, RIKEN, Japan
G. Ycas, Univ. Colorado, USA
M. Iwanaga, NIMS, Japan
Y. Ozeki, Univ. Tokyo, Japan

TOPICS

- Novel optical materials/structure and applications
- High average power lasers & applications
- High peak power lasers & applications
- High power fiber/diode lasers & applications
- High energy light sources & applications
- Nonlinear optics & applications
- Metamaterials & applications
- Optical devices and techniques for bio and medical applications

COMMITTEE

General Chair : N. Miyanaga, Osaka Univ.
Steering Chair : H. NISHIOKA, UEC
Program Chair : N. Nishizawa Nagoya Univ.

INTERNATIONAL
YEAR OF LIGHT
2015

Sponsored & organized by **The Laser Society of Japan**

Collocated with **Optics & Photonics International Congress 2015**
